## 2017 WILLAMETTE VALLEY PINOT GRIS

The 2017 vintage was stellar, producing well-balanced, elegant wines. The Chemistry Pinot Gris is no exception. With a glowing straw yellow color, aromatics of citrus, papaya, and wet stone leap out of the glass. The palate is long and crisp with a richness that fills out the mid-palate before finishing with a kiss of sweetness, much like a starfruit. Approachable and delightful, this Pinot Gris is your summer pool party wine.
