2017 WILLAMETTE VALLEY PINOT NOIR

The 2017 vintage was stellar, producing well-balanced, elegant wines. The Chemistry Pinot Noir is no exception. Sourced from premier sites in the Willamette Valley, this wine is bright garnet in color thanks to the warm vintage. Aromatics of plum and blueberry lead to a lush and juicy palate with silky tannins that build to a structured finish. Enjoyable in its youth, this Pinot Noir is the perfect companion while making dinner.
